

## Gift Certificates

---

Bug Central provides a range of Gift Certificates, which are the perfect present at **Christmas, Birthdays or any other occasion** for that keen gardener!

Gift Certificates allow you to buy some good bugs for the garden now, but with delivery when it suits you.

We will send the Gift Certificate within 3 days of receiving your order. We will also include your name on it, just to remind the gardener who is thinking of them!

Once the Gardener is ready to order their bugs, they simply email us with the code on the certificate, and we will despatch the bugs. Certificates are valid for 12 months from date of payment, which means there is no rush in placing the order.

We have three options that we think make great presents:

### **Starter Pack**

This pack provides an order of 300 Lacewings, which are a great predator of a wide range of pests in the garden. This order will cover a standard size garden.

Cost: \$39.60

### **Gardener's Pack**

The next step up for that keen gardener. This order provides 300 Lacewings, but with two orders sent two weeks apart. This order is for a standard garden, but will provide better control of problem pests.

Cost: \$75.25

### **Passionate Pack**

For the really keen gardener who wants to control a range of pests. We will send 300 Lacewings, 1000 Persimilis (controls two spotted mites) and 1000 Encarsia (whitefly control - sent over two deliveries).

Cost \$120.50

To order a Gift Certificate, or for more information, simply go to [www.bugcentral.com.au](http://www.bugcentral.com.au) and follow the links to the Gift Certificate page (under 'Products') and place your order.

If you prefer to pay by cheque, please make payable to 'Bug Central' and send to PO Box 329 Fullarton SA 5063.
